Discover elegance and contrast in our latest salwar suit collection. The kurta, crafted from opulent velvet, features rich satin patchwork and is detailed with intricate embroidery along the borders and neckline. The gaji silk dupatta complements the kurta with its own embroidered patterns and sequins, harmoniously coordinating with the kurta's design while offering a striking contrast. The ensemble is completed with a solid mashroo silk bottom, providing a smooth and refined finish. This collection plays with contrasting elements to create a cohesive yet dynamic look, perfect for making a sophisticated statement at any special event.
