VOL - 4

Fashion Industry

In the evening the light breaks of the fashion industry dominates the world more than the sun did, and neither not only the very people dress but also people in home wear design - making fashion and people a central pillar. In the fashion world did not only mean flower and fabric, it summed up the whole culture of a generation, and this is even more prominent today.

Coral Charm

"In the evening the light breeze of the fashion industry dominates the world more than they ever did, and neither not only the very people dress but also their in home wear design - making fashion and people a central influence." In the flower power did not only mean peace and love, it summed up the whole culture of a generation, and this is even more prominent today.
