"I think there is beauty in everything. What 'normal' people perceive as ugly, I can usually see something of beauty in it."

*"Fashion you can buy, but style you possess.
The key to style is knowing who you are,
which takes years. There's no time-to-wait
trap to style. It's about self-expression and,
above all, attitude."*

*"What you wear is how you present yourself to the world,
especially today, when human contacts are so quick. Fashion is instant language."*

*"What's my style is not your style, and I don't see how you can define it. It's something that appeals
who you are in your own way."*
